You probably know I'm very busy just now. The light nights give me bags of opportunity to break in through open windows for computers, tools, stock, handbags, wallets, vehicles, fuel etc. so I'm having a party creating chaos!!!

A local security group is giving me some grief however by supplying:

Window Protection
Personnel Door Protection
Perimeter Gates (Manual or Electric)
Rising Arm Perimeter Barriers
Perimeter Fencing
Access Control Posts
External Lighting
Intruder Alarms
Closed Circuit TV Systems
Entrance Intercom/Camera System
Entrance Remotely Controlled Locks
Entrance Indicators (Chimes, Bell etc.)

All at prices which are a steal!
